

## Weekly report

### 1 **My Goals from last week**

- Complete Mathematica Demonstration for manipulability
- Read "Persistent Robotic Tasks: Monitoring and Sweeping in Changing Environments"
- Discuss summer goals

### 2 **My Accomplishments this week**

- Completed manipulability demonstration documentation.
- Read "Persistent Robotic Tasks"

### 3 **My Goals for next week**

- Discuss summer goals
- Continue reading for extending CASE paper for a journal article

### 4 **Meeting with Dr. Becker on Friday, 20 May, time TBD**

What I need Dr. Becker to do:

- Help establish summer goals
- Help establish tentative time line
